The screenshot shows the SendGrid welcome page for user 'abi naya'. The page has a purple header with the SendGrid logo and navigation links. The main content area is white with a blue sidebar on the left containing links to Dashboard, Email API, Marketing, Design Library, Stats, Activity, Suppressions, Settings, and Twilio SMS. The main content area features a 'Welcome, abi!' message, a 'Send your first emails with Twilio SendGrid' banner, and a 'Create a sender identity' section. The 'Create a sender identity' section explains that a sender identity is needed before sending emails and offers two ways to create one: 'Create a Single Sender' (highlighted with a blue button) and 'Authenticate a domain instead'. A diagram illustrates the sender identity as the 'from' email address. The bottom of the page shows a Windows taskbar with various application icons and a system tray with network and time information.

Welcome, abi!

To get up and running quickly, please follow the steps outlined below.

Send your first emails with Twilio SendGrid

Create a sender identity

Before sending email, you'll need to create a sender identity. There are [two ways](#) to do this, but we recommend creating a Single Sender to get set up quickly and test your email integration.

Create a Single Sender

Authenticate a domain instead

Your sender identity is the "from" email address your recipients will see in their inbox. [Learn more](#) about this.

Send your first email

Please create a sender identity before sending your first email.
